

Support & Training for Corporations

Financial Institutions must ensure that their corporate Originators are informed of their obligations as it relates to payments and data security. WACHA has a desire and obligation to provide practical and needed solutions to our Financial Institution members and their corporate customers or members, which led WACHA to develop three Corporate Originator Program solutions for our members.

- Direct Corporate Membership, Tiers 1 & 2
- Corporate Sponsorship
- Training Modules

With the new Corporate Membership and Sponsorship Programs, companies have access to payment rules and product development such as authorizations, record retention, compliance support, and data security.
