PAYMENTS UNIVERSITY

For a truly comprehensive, concentrated education experience close to home, plan now on attending the Payments University. This is not a conference or symposium but a series of training sessions held over a two day period.

Payments University is designed to help you achieve a higher understanding of the payments system, regardless of your knowledge level. There are four general sessions and a basic and advanced track.

We will be diving into a variety of topics. General Sessions are: Fraud in the Payments System; The New ACH Risk Assessment; What's Happening with Federal Government Payment Processing; and ACH Rules Simplification. The basic track, provided for those with limited ACH experience, covers: ACH Roles and Relationships; RDFI Responsibilities; Exception Handling; and ODFI Responsibilities. The advanced track, provided for AAP's and those individuals with more experience, covers: Check and Image Exceptions; ACH File Formats; You Be the Arbitrator: Case Studies; and Changes to the ACH Audit. Keep in mind that these session will be less lecture and much more interactive. There will be valuable tips and tools to increase your payments knowledge and efficiencies within your financial institution.

The sessions begin on Monday, August 9, 2010 at 10:00 a.m. and conclude on Tuesday, August 10, 2010 at approximately 3:30 p.m.

To view the Payments University agenda, go to www.wacha.org.
